TECHNICAL SKILLS

Languages: Python, SQL (Postgres, MySQL), JavaScript, HTML/CSS, R
Frameworks: React, Next.js, WordPress, Tailwind CSS, Framer Motion, Three.js, Streamlit
Statistics & Math: Statistical inference, regression, probability, forecasting, experimental design
AI/Machine Learning: OpenAI API, scikit-learn, NLTK, spaCy, TensorFlow, Langchain, PyTorch
Tools: Power BI, Tableau, Excel
Developer Tools: Git, Docker, VS Code, PyCharm, uv, python-dotenv, cursor, Claude-Code, n8n
Libraries: pandas, NumPy, Matplotlib, openpyxl, Tkinter

PROJECTS

AI Invoice Extraction Service | *Python, OpenAI Responses API, GPT-5-nano*

- Built PDF/email invoice extractor outputting structured JSON via the OpenAI Responses API.
- Resolved model reasoning-mode conflicts causing empty outputs; cut extraction failure rate to near-zero.

AI Resume Critiquer Pro | *Python, OpenAI API (GPT-4-mini), PyTorch, Streamlit*

- Developing an AI-powered platform to optimize resumes for ATS and automate job-specific tailoring.
- Built automation pipeline reducing customization time by 75% using industry-aligned LaTeX templates.

EXPERIENCE

Full-Stack Intern

July 2025 – Oct 2025

Garde-Robe

New York City, New York, USA (Remote)

- Built Gmail API pipeline to auto-isolate fashion invoices from raw inbox data.
- Designed two-phase AI filter with vendor heuristics, achieving high classification accuracy.
- Cut manual sorting time, boosting pipeline efficiency and downstream data accuracy.

Full Stack Intern

July 2025 – Oct 2025

IPMD, INC.

San Mateo, California, USA (Remote)

- Overhauled web UI with JavaScript and 3D effects, delivering a modern product design.
- Refactored frontend components, eliminating redundancy and improving codebase performance.
- Engineered prompts using Azure AI to create an accurate and empathetic user support chatbot.

Technology Research Analyst

Aug 2022 – Oct 2022

ABC Leathers

Gurgaon, Haryana (Remote)

- Managed facility SQL database on production data, increasing trend detection by 15%.
- Delivered SQL-driven insights boosting forecast accuracy 18% and optimizing inventory control.
- Launched cloth recycling initiative, reducing manufacturing waste by 20%.

EDUCATION

University of Waterloo

Waterloo, ON

Bachelor of Mathematics in Statistics

Aug. 2022 – May 2027

- Awarded \$2000 scholarship for achieving an admission average over 95%

CERTIFICATIONS

Machine Learning Specialization

DeepLearning.AI and Stanford University, Aug 2025

LangChain for LLM Application Development

DeepLearning.AI, Apr 2025

ChatGPT Prompt Engineering for Developers

DeepLearning.AI, Nov 2024

Bloomberg Market Concepts

Bloomberg for Education, Oct 2024

Data-Driven Decision Making

Google Data Analytics, Mar 2024

Webflow 101

Webflow, 2024

Introduction to Career Skills in Data Analytics

LinkedIn, Aug 2023
